## HYGROMASTER TENDENCY®

A trusty addition to the WineMaster® air conditioner, the Hygromaster® is the ideal way to give a wine cellar all the humidity it needs. Winemaster® air conditioners maintain hygrometry in an optimal way, promoting good wine conservation, but a lack of humidity, which can vary depending on the region, season, and weather, can alter it.

FOR YOUR WINE CELLAR

Humidifying capacity  
18.2 g of water /  
hour at 12 ° C

Quiet

Respectful of the  
environment

Ideal weather  
conditions for your  
wine conservation
