

LOU BURE

Designed by Stéphane Rambaud* of Forge de Laguiole, this butter knife, « Lou Buré », features a gently rounded stainless steel blade set in a handle of black horn tip.

Flaring from its base like the trunk of a tree and resting on a solid disk of stainless steel, this simple yet unique knife perfectly combines modern expression with traditional materials. The rounded and curved handle also provides comfort and high functionality.

Reference: CB BN BURE

*Stéphane Rambaud was born in Lyon in 1968. His initial training took place at the Cutlery School of Nogent from which he graduated in 1987 with the Apprentice's Gold Medal. Since 2005, he has been employed at Forge de Laguiole. His knife "L'Esquisse" in Damascus steel was awarded 1st prize in the "Collector's Category" at IW 2006, Nuremberg.
